To whom it may concern:

I am writing on behalf of Bullhook Community Health Center's application for funding through the HRSA Service Area Competition program.

Bullhook Community Health Center provides residents of Hill County, a medically underserved area, with access to high-quality medical and dental care, as well as integrated mental health care and addictions counseling. In addition, Bullhook Community Health Center provides the Hill County community with a pharmacy, Child Advocacy Center, and case management services. As of September 30th, 2016, their mental, physical, and behavioral health facilities have provided care for over 4,000 patients in need of primary healthcare.

If successful, funds will be used to continue providing comprehensive primary health care services to the underserved citizens of Hill County. I support organizations, such as Bullhook Community Health Center, that are committed to providing excellent, accessible, cost-effective, and timely primary healthcare for Montanans, regardless of their circumstances.

I trust you will give this grant proposal fair and careful consideration.

Sincerely,

A handwritten signature in blue ink that reads "Steve Daines". The signature is fluid and cursive, with the first name "Steve" and the last name "Daines" clearly legible.

Steve Daines
