\*Providers received a portion of the initial \$30 billion (Tranche 1) distribution based on their share of total Medicare fee-for-service reimbursements in 2019. Tranche 2 (\$20 billion) on this table represents funds allocated to providers on 4/24/2020 who were able to be paid automatically based of their cost reporting data to CMS. All Providers must submit required revenue information for verification and must attest to the terms and conditions. These amounts will change as providers apply for, accept, and return funds accordingly.

*The state-by-state breakdown shows the amount allocated for billing organizations for eligible recipients based on the billing organization's address, not necessarily the state where providers are operating. This document shows breakdowns of the amounts allotted; it does not indicate whether a provider accepted or rejected the funds.*
