

Supporting Made in America Energy Act

The *Supporting Made in America Energy Act* ensures the United States maintains and grows its energy independence by supporting Made in America energy. Consistent with and supporting existing law, the bill bolsters traditional energy by requiring the Department of the Interior to hold four onshore oil and gas lease sales in the top oil and gas producing states as well as requiring two offshore oil and gas lease sales in each available area in the Gulf of Mexico and Alaska.

Section-by-section:

Section 1, Short Title:

• Supporting Made in America Energy Act

Section 2, Required Onshore and Offshore Oil and Gas Leasing:

- Onshore:
 - o Requires the Secretary of the Interior to immediately resume oil and gas lease sales
 - o Requires a minimum of 4 lease sales in the top oil and gas producing states: WY, NM, CO, UT, MT, ND, OK, NV, AK, and all other eligible states.
 - o Requires a replacement sale if any of the 4 required sales were paused or canceled.
- Offshore
 - Requires 2 region-wide offshore oil and gas lease sales in each of the Central Gulf and Western Gulf of Mexico Planning Areas
 - o Requires 2 region-wide offshore oil and gas lease sales in the Alaska Region

Section 3, Transparency in Leasing Review

• Requires the Secretary to disclose all communications, documents and comments from the public related to the Department's oil and gas leasing review.
